if PSC makes visit to the ship , they will check all documents including IAPP and Supplements.
If IAPP and supplements respect new regulations they will not check bunkers only if they have doubt and in this case they will inform ANPE in order to make test
if IAPP and supplements are not conform PSC will arrest the ship and flag state should make intervention to solve problem
but in same time PSC will inform ANPE to make necessary tests and they will make penalty.
in this case P&I club can take part and solve the problem of penalty but only when ship has insurance for this case.
